## Summary

---

A driven and diligent Electronics & Communication Engineering graduate with a strong foundation in programming and analytical thinking. Recognized for being proactive, a quick learner, and a collaborative team player. Seeking a position where I can leverage my technical skills, gain real-world experience, and contribute to organizational growth.

## Education

---

### Annamacharya Institute of Technology & Sciences

Bachelor of Technology – Electronics & Communication Engineering

📅 2021 – 2025

💎 CGPA: 7.3/10

### Sri Chaitanya Junior College

Intermediate – MPC

📅 2019 – 2021

💎 Percentage: 80%

## Skills

---

- **Programming Languages:** Java, MySQL
- **Frontend Development:** HTML, CSS, JDBC, JavaScript, React JS, Hibernate

## Core Competencies

---

- Analytical & Problem-Solving Skills
- Adaptability to New Technologies
- Excellent Communication
- Team Collaboration
- Active Listening & Clarity in Explaining Technical Concepts

## Project

---

### Resilient Wireless Video Streaming with Parallel Processing and Adaptive Coding/Decoding Techniques

- Developed a system for real-time video processing using multi-core CPUs/GPUs.
- Focused on enhancing video streaming resilience and performance with adaptive encoding.
- Integrated error resilience and recovery mechanisms.
- Optimized wireless video transmission for minimal delay

## Achievements

---

### 🏆 National Art Contest (July 2024)

- Won a medal and certificate for artistic excellence

### 🏆 Best Project Award (May 2025)

- Selected as one of the top projects among 15+ teams in a college-level competition
- Awarded a cash prize for innovation
